

MINERAL SUNSCREEN FOR BODY – BROAD SPECTRUM SPF 30

Size : 3 oz and 5 oz - scented & unscented formulations

MSRP \$24 and \$36

Skin Type :

- All Skin Types
- Unscented is recommended for babies, kids & adults sensitive to scent.

Product Description:

- A superior mineral sunscreen that moisturizes, hydrates and protects the body from damaging UV rays. The scented version has a light orange/tangerine scent reminiscent of an orange creamsicle, this sunscreen is sure to uplift your mood! Alternatively, you can use the Unscented version.

What else you need to know:

- Perfect for weekend getaways with it's TSA friendly packaging (3 oz). Plus, it doubles as a leg moisturizer so that's one less thing you'll need to pack.
- Packaged in eco-friendly tubes made with sugar cane or PCR
- Available in Scented (3oz & 5oz) or Unscented (3oz & 5oz)

Instructions:

- We recommend dotting it all over each surface area and then rubbing it in thoroughly. This will ensure even coverage and increase spread ability. The product starts out white so you won't miss a spot, but it will quickly absorb into the skin and the white will disappear. Be sure to reapply at least every 2 hours for maximum sun protection.
