

MINERAL MOISTURIZING FACE SUNSCREEN & PRIMER, BROAD SPECTRUM SPF 30

Size : 1.7 oz (50 ml)

MSRP \$45 / REFILL - MSRP \$40

Skin Type :

- All Skin Types

Product Description:

- Award winning 3-in-1 mineral sunscreen that moisturizes, primes and protects the face from damaging UV rays. This nutrient dense, non-greasy formula is supercharged with youth promoting antioxidants that fight free radical damage.

What else you need to know:

- Can be worn alone or used prior to makeup as a primer.
- It has a light, sweet orange/tangerine scent that will instantly lift your mood.
- This canister is now refillable (keep outer canister & silver pump to re-use).

Instructions:

- If you have dry skin, apply after a serum or moisturizer. If you have normal to oily skin, this product can double as your moisturizer. Place a large pea-sized amount in your hand and dot around your face and then blend in completely. Do the same for your neck and decollete. The product starts out white so you won't miss a spot, but it will quickly absorb into the skin and the white will disappear. Be sure to reapply at least every 2 hours for maximum sun protection. Wear alone or apply makeup after.
