What else you need to know:

- Infused with an organic botanical extract blend of Raspberry, Goji, Acai, Mangosteen, Pomegranate, Green Tea & Coffee for antioxidant support.
- This ultra-moisturizing, buildable, non-greasy formula has a delightful natural, wild strawberry scent.
- Packaged in an eco-friendly tube made with 30% PCR.

Instructions:

- For best results, exfoliate and moisturize any dry areas (elbows, wrists, knees, ankles, feet) prior to application. Smooth evenly all over body. Allow application to dry for several minutes before dressing. To avoid discoloring palms, wash hands with soap and water immediately after use. Wait at least 8 hours before showering, shaving and sweating to allow tan to fully develop. To maintain tan, moisturize and exfoliate regularly and re-apply 1-2 times a week. Does not contain a sunscreen so apply an SPF if exposing skin to sun.
